

Dopis, který potěší...

Začátkem listopadu plánuje sdružení Humanistické centrum Dialog cestu do Keni, a proto se žáci devátých ročníků rozhodli udělat radost našemu adoptovanému keňskému chlapci Japhetu Omondimu a napsali mu dopis v angličtině. Věříme, že těch pár řádků ho určitě potěší a těšíme se na jeho brzkou odpověď.

Dear Japheth

How are you at school, our son? We think of you all the time!

New school year has already started and it was really hard to begin studying after long summer holidays. This is our last year at primary school (we go to primary school till 15 in the Czech Republic) and we are getting ready for our entrance exams to secondary schools, so we need to study hard. What about your summer holidays? How long is it in Kenya? What do children do? Did you enjoy it?

Few weeks ago we had an African drummer's performance, from Kenya actually. We liked it very much and we could even try to play the drums!

In April we organized a cultural exhibition for parents and friends; our class performed a dancing show. It was so exciting!

In our country, the autumn has already started. It is really cold, the days are shorter and the trees are leaving their leaves which are beautifully coloured. We are looking for winter – the snow, frost, ice – and Christmas! It is a wonderful time here. We decorate houses and streets, every family has its own Christmas tree and we enjoy the time together. We decorate a spruce, a pine or a fir with bright balls, bells and stars and sparkling chains. We expect Baby Jesus to give us presents.

How do you celebrate Christmas in Kenya?

Please, let us know some information about you, what do you ...

We wish you to start the new school year in the best way!

Love from 9.A and 9.B
